

Uwe Riek

Uwe Riek is a Swiss and German citizen and holds a master's degree in Environmental Natural Sciences and a PhD from ETH Zürich. Uwe completed his PhD in the Institute of Cell Biology in the group of Theo Wallimann, working on the biochemical and biophysical properties of an enzyme. After a post-doctoral position (INSERM) at Université Joseph Fourier in Grenoble he worked as a business consultant in the telecom and IT industry before becoming a risk engineer for the analysis of complex biochemical, pharma industry and infrastructure risks at Swiss Re. He is one of the founders of Crearene and has been part of the management team as the Chief Scientific Officer for the last four years.
